🎓 Education

Bachelor / IT / graduated, Payam Noor University of Tabriz ☑

2007 – 2011
Tabriz, Iran

🧠 Back End Skills

.Net (Dot Net Framework - EF - EF Core - .Net Core - Rest API - MVC - WCF - LINQ - Dependency Injection - Asynchronous Programming - MultiThreading - State Management - JWT - Signal R - Message Queue - Windows Application - Ado.Net - Middleware - Log Handler - Filter - Migration - Scaffold - AutoMapper - Identity Server)

SQL Server (Database (SQL Server - SQL Server Performance & Tuning - SQL Server Always On - Partitioning - SSIS - SSAS - Power BI))

C# (OOP - SOLID)

Spring Framework (Spring Data JPA with Hibernate and Spring Security)

VB.Net

NO SQL (Redis - Cassandra - ELK - EFK - Mongo)

Testing (Unit Test - TDD - BDD)

DevOps (Linux Container - Docker - Docker-Compose)

Orchestration (Swarm - Kubernetes (On-Premise Cluster))

CI/CD (Design, Test, Deploy, Backup, Stage and Production with Gitlab)

Security (Iptables (ufw), pfSense, Fail2ban, OS Hardening & Performance Tuning, Audit Tools)

Common Services (Nginx, HAProxy, Keepalived, RabbitMQ, Kafka, Traefik)

Observability (ELK, Prometheus, Loki, Grafana)

Linux (Based on FreeBSD, CentOS, Ubuntu)

Design Methodology And Architecture (OOP - SOLID - CQRS - Design Pattern - N-Tier Architecture - Onion Architecture - Domain Driven Design - Clean Architecture - MicroService)

Tools & IDE (Visual Studio - Git - StimulSoft - CrystalReport - Microsoft Office - TFS - SVN - SOAP)

Agile (Redmine Ticket)

🧩 Front End Skills

React (React - Redux - Redux Toolkit - Bootstrap - UI Material - Jest)

jQuery

Bootstrap

PhotoShop

Html

Css

Type Script (jQuery - ES6)

Next.js

Other Skills

Kubernetes (On-Premise Cluster)

Docker

HA Proxy

Apache Kafka

Apache Spark (On Kubernetes)

Apache Airflow

Apache Nifi

Git

ELK/EFK Stack

IIS

Linux Ubuntu

Windows Server

MCSA & MCSE

CWNA

Professional Experience

Team Leader, Arka

Used Skills: C# .Net | SQL Server | Agile | Scrum | Project Management.

Some of my special works:

- Planned and implement new features for Logistics and Inventory software. (ASP.net web forms)
- Instructed and coached about 10 new developers and interns.
- Managed milestones from initial steps through final delivery.

Coordinated project planning and execution with team members, including 6 employees and 4 leaders of other

- teams, to provide end-to-end solutions for clients.

2022 Jun – present
Tabriz, Iran

Senior Full Stack Developer, Arka

Used Skills: C# .Net | SQL Server | React | TypeScript | Agile | Microservice.

Some of my special works:

- Promote more than 7 reports' enforcing time by 80% using SQL Server tuning.
- Improve more than 2 reports' render time from 45 minutes to 2–3 minutes using C# MultiThread programming.
- Refactored a WCF in the .Net Framework project to WCF in the .Net 6 project using the CoreWCF package.
- Prepare more than 5 complex queries for making reports inside the warehouse database using SQL Server.
- Worked with more than 5 different teams at different points in time and provided end-to-end solutions for clients.

2020 May – 2022 Jun
Tabriz, Iran

Senior Full Stack Developer, ASD

Used Skills: C# .Net | SQL Server | JavaScript | HTML | CSS | Razor | jQuery | Agile

Some of my special works:

- Optimized SQL Queries for Logistics, Inventory, and national projects.
- Refactored and developed old Windows form software using ASP Web Form and SQL Tuning.
- Reduced about 20 reports' executing time from 5 minutes to 5 seconds using tuning queries in SQL Server

2012 Apr – 2019 May
Tabriz, Iran

Languages

English | Persian(Farsi) | Turkish(Azeri)

Certificates

English 

Intermediate

Projects

WebSite 

Designed with ASP.Net MVC and SQL Server

Interests

Spring & React | Spark | Kubernetes, NASA
